Geology 365
Structural Geology
Class Presentations

The point I most hope to convey to my audience is:

_____
Your talk must answer these questions in character:
        Why should your audience care about this article?
        What is the methodology and/or data set presented in this article?
        What are the main conclusions of this article?
Out of character: In your opinion, are these conclusions valid?

Student:_____   4 = excellent
Paper:_____   3 = good
        2 = poor
Date:_____   1 = wretched
